## INTRODUCTION

Access at Eastern Gateway occupies a strategic location directly adjacent to Junction 54 of the A14 approximately 2 miles west of Ipswich town centre.

WWW.ACCESSEASSTERNGATEWAY.CO.UK

The A14 directly links Eastern Gateway with the International Container Port of Felixstowe which lies 17 miles (27 km) to the East and the national motorway network to the West providing access to the Midlands and North. Furthermore, the site lies in close proximity to the Copdock Interchange which connects the A14 with the A12 which in turn provides access to London and the South East.

Detailed planning consent was secured in August 2022 for a five unit scheme and a tender process to select a building contractor is underway.

# TREBOR DEVELOPMENTS

We've been paving the way for commercial properties for over a decade. Delivering units from 10,000 sq ft to 1,000,000 sq ft, we made our name implementing straightforward development processes that put sustainable building practices ahead of profits.

Founded in 2008, Trebor Developments is today a market leader in industrial development. Through our work with occupiers, agents and financial institutions, we've fulfilled the vision of countless businesses and earned a reputation for intelligent delivery.

Along the way, we've stuck to our belief that development should always be strategic. That's why your business objectives are the starting point we refer to when approaching any project. The same is true of the spaces we build to let. Everything is managed so that all stakeholders feel represented by the final outcome.

Most importantly, we have skin in the game. We're a private, owner-managed organisation with no PLC or string of shareholders to report to. Decisions are made quickly and we apply a more hands-on approach in order to make your business, our business.
